NOTES:

CS Networking Advisory Committee Meeting
April 13, 2023
Agenda

- Opening remarks from Chair and/or Dean

AWS initiative, Comments from the dean, about current affairs on the industry, Cyber security, BAT AI, NSA-CAE executive meeting -> lack of professionals

CIS BAT proposed 1/3 college students go to general IT : justification

Programming group to Networking, apprentice program for Gulf Coast: Pool 2M$ 17-18 yrs is a third students to come to college. Incentive to get more students.

Smart home/ lab / ICL, to raise awareness, scholarship, One student finish MsC ATM

CAE-NSA designation.

--

- Brief introductions - Committee members: Riley, Binu, Kharem.
- Election of new committee member: Kharem Espinoza: approved
- Redesignation process NSA-CAE: Application process, second PoS suggestions:

Infosession, cyber security. Require foundations on Cisco, Net, Cyber

Apprentice model: CompTIA 4 different roles: Emphasis on soft skills, Business acumen, tech, Cyber hygiene 101 class on CE: proposal

It is great Python, but if you do not communicate with admin, correlate to $, benefits, the people that get promoted, communicate very well. Effectively. Communication skills, huge gap between tech skills and business skills, to translate information to business.

Dr Bown: Soft skills, communications, work in teams, it should be part of every course.

Riley: It depends how you deliver the news.

- Changes to the Microsoft Program -> Azure:

Share to the Adv board.

- Solomon: MS Administrator -> Azure To change the degree of Server admin to Azure.:
- Share by email, then proxy voting. Later. Email: Agreed / yes / No. Show the numbers.
- Ryley: MS Cloud vs AWS: qualifications. Industry perspective.
- Binu: CIS

- Linux track. Industry standards.: Enrollment declined, is an important skills set.
- Le: Red hat, SuSe
- Specialization: Low enrollment:
- Adjourned: 2:15pm
